\* **Cemetery at 918 Huntington Road in Bachelors Hall**

This cemetery, re-visited in July 2009 appears to be a community cemetery. If the cemetery has a name, I do not know it. This is an interesting final resting place in that most of the burials are persons who do not have deep roots in Pittsylvania County. Many were from Henry Co., VA and across the state line in North Carolina. There are more than 20 field stones. The first known burial occurred in 1902, the last in 2005.
